### **Renovation**

Renovations are some of the most demanding and rewarding projects that the firm has enjoyed producing. With special knowledge and understanding working with the City of Milton with a Block Grant Project; the firm renovated a dilapidated structure in Pensacola into their current offices. Winning the Golden Brick Award for that project, the firm went on to produce some of the best and award winning renovated structures in the area.

## Awards

### Medical

We have done a variety of projects including specialized medical clinics and offices. The firm offers a "one stop shop" for all of the necessary design, engineering, and coordination required for these types of facilities. Large or small, new construction or renovation, the firm has the experience and expertise to deliver the best facility at a competitive price.

### Commercial & Retail

The commercial portion of our work demonstrates the diversity of the firm which ranges from restaurants, office buildings, hotels, municipal buildings, retail centers, and tenant spaces. With the experience of the firm and relationships built over the years with the various governing agencies, contractors, and consultants; Henry Norris & Associates can provide the consulting services for many types of commercial facilities.

### Multi Family

Multifamily and resort communities have their real challenges with most being constructed in hurricane prone areas. Henry Norris and Associates has been producing designs for these facilities for almost 30 years and during that period has gained valuable knowledge and expertise with the construction and aesthetics that is so critical to the success of these types of projects.

### Residential

Single family homes present a unique opportunity and challenges for both the client and architect in producing one of the most important structures that a person can have: a home. The firm has a special enjoyment working with clients to help create this dream; and in doing so, has produced some of the areas nicest residential designs in the area.
